and html.

## ABOUT ME

Hi;

I work remotely since 2020 (corona time). I used many tools for agile management system. I have many experience github, bitbucket etc.

Mostly work with laravel (since 5.2) , mysql. love it use it and experienced about it.

As hire me, i will work period based and earn my money. if you would liked my work, than can pay me.

Last thing, I do all my works by mail. because it is easier to understand if all the work is in written form.
